

Hey HMS! Do you like working with computers? Do you want to learn how to develop your own website or game? If so, come by room 622 and sign up for Coding Club! Starting after school on September 19th , we'll learn many different computer programming languages such as HTML & CSS, PHP, Javascript, Python, and MORE!

Never coded in your life? That's ok!! We're starting from the beginning, and you'll be able to move at your own pace!

Coding Club is open to 6th, 7th, and 8th graders, and will meet Mondays after school from 3:45-4:45 until the end of September, then we'll move our meetings to Fridays starting in October. Transportation will NOT be provided.

Come see Mrs. Biel in room 622 to sign up and grab a PINK parent info form! Code on!
