## TRAFFIC & PARKING CONTROL @ FHS Varsity Football 2016-2017

In an effort to enhance safety at the Peoples Bank Stadium, during and after the varsity football games we will be implementing the following traffic and parking control measures:

### Prior to the Game:

- The southwest to the southeast corner of Bobby Davis Drive will be blocked; no vehicular traffic will be allowed a thruway.
  - Vehicles parked there prior to the barriers will be allowed to exit. Although not be allowed to return without a valid permit.

### During The Game:

- Only vehicles (drivers) with a permit issued by Chad Smith; Facility Manager will be allowed to park in this restricted area. This will remain in effect during and after the event.

### After The Game:

- The Frenship ISD police will direct vehicular traffic out from the stadium.
- All driveways into the stadium parking lots will become **EXIT ONLY**.
  - Vehicles will not be allowed to enter.
- Vehicles picking up students will only enter at FM 179/Bobby Davis Drive at the west of the stadium, they will be directed into the stadium west lot and to the front of the stadium. They will exit with the traffic flow exiting the stadium.

We appreciate your cooperation and patience.
