### **Frenship ISD Counseling Services**

Frenship ISD offers a comprehensive guidance and counseling program which is available to all Frenship ISD students. One component of the program is responsive services. This service includes making counseling services available, free of charge, to any Frenship student whose immediate personal concerns or problems are interfering with or may adversely affect the student's academic performance or overall educational experience.

For additional information, please contact your student's campus principal or Farley Reeves, FISD Executive Director of Administrative Services, at (806) 866-9541.
