## How to Receive Text and E-mail Alerts

Rank One Sport is excited to offer text and e-mail alerts to our clients. The alerts are designed to improve communication within the athletic department and between the athletic department and its parents/community members. If a change is made to the schedule an alert will be sent out which also provides a link to more detailed information.

The system contains the following alert types:

- Game Added Message
- Game Changes Message
- Score Updates
- Game Summary Alerts
- Game Cancellations
- Bus Detail Changes

1. Open your web browser and navigate to [www.rankonesport.com](http://www.rankonesport.com) and select “View Schedules” from the link at the top.

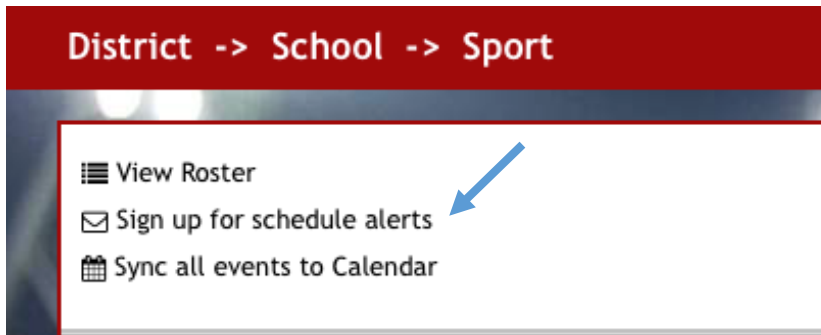

2. Type “Frenship” or the name of the school you wish to search for in the “School Name” field. Optionally you can also specify the sport or city name. Select “View Schedule” for the selection you want.

The screenshot shows the search results page for Frenship High School. The search criteria are: School Name: Frenship, Sport: Select Sport, and City Name: Enter City. A red "Reset" button is below the search fields. A blue arrow points to the "Frenship" text in the "School Name" field. Below the search fields is a table with the following data:

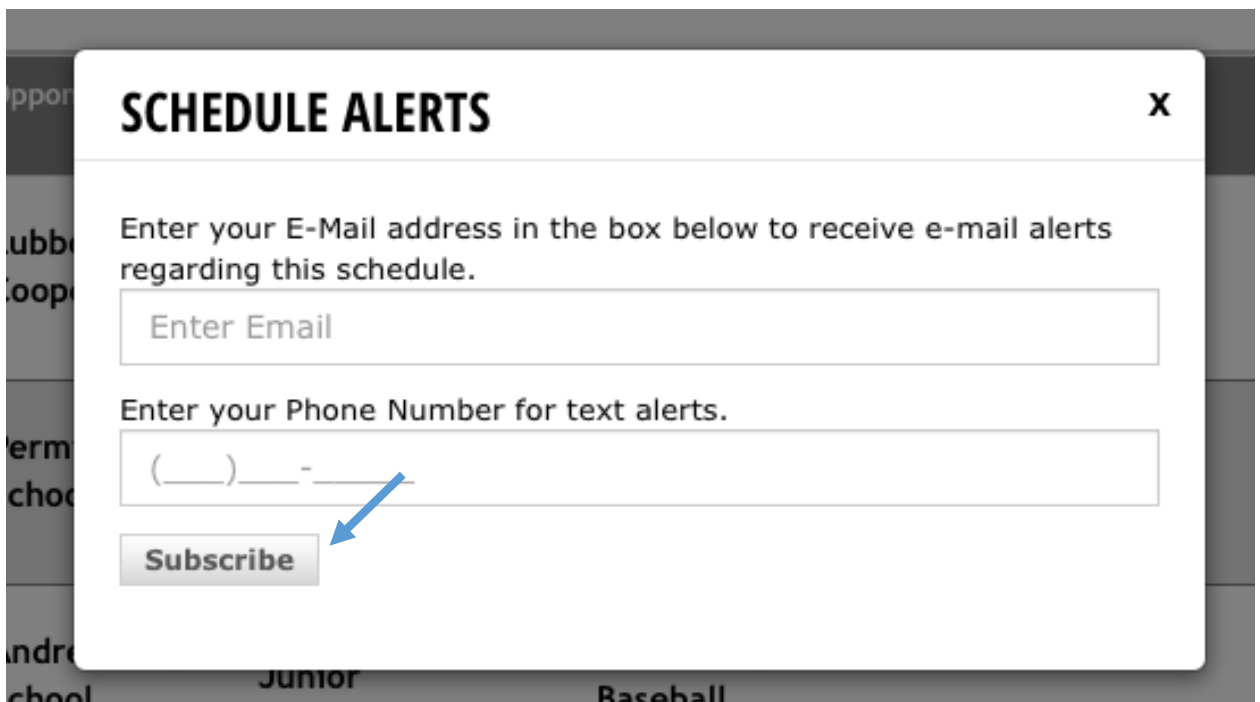

School	Team	City	State	Sport	Gender	Level	View Schedule
Frenship High School	Student Athletic Aids	Wolfforth	TX	Athletic Trainer	C	Varsity	Not Yet Public
Frenship High School	FHS Boys Athletics	Wolfforth	TX	Athletics	M	Varsity	Not Yet Public
Frenship High School	FHS Girls Athletics	Wolfforth	TX	Athletics	F	Varsity	Not Yet Public
Frenship High School	FHS JV Blue Baseball	Wolfforth	TX	Baseball	M	Junior Varsity	<a href="#">View Schedule</a>

A blue arrow points to the "View Schedule" link in the last row of the table.

3. At the top of the page, click on "Sign up for schedule alerts".

4. In the pop-up box, enter your e-mail address and phone number you wish to receive alerts on then click "Subscribe".

5. A new window will pop-up with a message saying you have subscribed to receive schedule alerts.
